CPHS Daily Announcements Mon. Nov. 9

The Diversity Club will be selling treats this week during Flex, so bring money to help support our events and activities!

The Diversity Club is hosting an International Potluck on Friday, November 20 from 5:30-7:30 in the cafeteria. Each student/family should bring a dish to share that is a family tradition or favorite, and may create a display to tell about their food or cultural heritage if they want. This is a family friendly event with music, games and activities, and food. Please see the Diversity Club Google Classroom to sign up or see Mrs. Sharp with questions.

AP Students - Exam deposits are due this Friday. If your deposit is not received by the end of the school day, your exam will not be ordered. Check your email for your deposit amount or see Mrs. Barnhardt for your deposit status.

Competitive Cheer tryouts will be held Nov.9th and 10th from 6-8pm in the mat room. We hope to see you there!

Anyone interested in wrestling? Please stop by Mr. Holbrook's class and learn more! First official practice is November 16th!

Unified Basketball sign ups will be open until 11/13/26 in the Unified Google Classroom. If you are interested in participating, make sure to sign up before 11/13. Questions, see Mrs. Hovenkamp!

If you like reading, you should join this year's racing challenge. Sign up for flex with Mrs Bicksler and Mrs. Sharp on Thursday to learn more, talk books with other bookworms, and have some time for reading. You can find more information on the Reading Challenge Google Classroom if you cannot come to the flex meeting.

Attention 10th and 11th Graders! If you're interested in applying to KCTC as a new student next year, virtual visits are now available! Check your email from Mrs. Barnhardt for instructions and additional details. You can complete the virtual visit independently or sign up to participate in a group visit through one of Ms. Stornant's Flexisched offerings on **November 10, 12, or 18**. Side note - if you are already attending KCTC, then you do not need to do this visit.

Any girls who are interested in playing Girls Lacrosse this spring there will be an information and parent meeting on Wednesday November 11 at 6 pm in the Jenison High School Media Center. All experience levels are welcome, come learn more about the girls lacrosse program and the opportunities to play this spring.

Are you a student who enjoys math and science, has an interest in engineering, or just wants a chance to collaborate with your peers on a project? Mr. Weller is looking for interested students who would like to launch an Engineering Club. The club would meet after school starting in January, and would be a hybrid of lecture and lab setting, with lectures focusing on engineering practices such as manufacturing processes, while labs will focus on group collaboration to achieve a common goal. Any interested students should reach out to Mr. Weller in B206 or through email to let him know you are interested, and keep an eye out for an informational meeting during flex before the end of the semester.

It’s a GREAT DAY to be a PANTHER!
