Comstock Park, MI 49321

Growing Kind Hearts and Open Minds While Inspiring Personal Success and Embracing Differences.

January 15, 2025

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2023-24 educational progress for Stoney Creek Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mrs. Robin Picarazzi for assistance.

The AER is available for you to review electronically by visiting the following web site – [click here for link](#), or you may review a copy in the main office at your child's school.

For the 2024-25 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was identified as: HAS NOT BEEN GIVEN ONE OF THESE LABELS.

Stoney Creek continuously works to improve all aspects of the educational process. Our focus continues to be on Math and ELA. We have also included professional development regarding the whole child and trauma informed practices. We continue to implement PBIS for all students and staff. We appreciate the continued support of parents, staff and our community in this effort.

School Placement (Stoney Creek grades K-2)

All students entering K-2 will go into their respective grade based on age and/or grade level completion. Students are assessed to determine added intervention needs and then placed into additional assistance programs within the grade structure.

This is Panther Country

School Improvement

Stoney Creek worked collaboratively with their building School Improvement Teams, consideration was given to the most current research and best practices with respect to various curricular areas, the delivery of instruction and the method of evaluation. Our team currently has two parents actively represented on our teams. The District School Improvement Committee as well as the individual Building School Improvement teams has played an important role in developing the District School Improvement plan. We are confident that by continuing to work through our school improvement process, Comstock Park will improve in its mission of success for all. For our complete District School Improvement Plan, please visit our website at www.cppschoools.com

Core Curriculum

Comstock Park Public Schools staff and administrators work collaboratively to align all curriculum areas with state and national standards. The process of aligning curriculum is an ongoing process that is ever evolving with the changes to technology, research-based resources, etc. We continue to push to higher levels to prepare students to be college and career ready. We are in the process of updating our website with the current curriculum documents. We hold professional development with our coach monthly. If you have immediate questions or needs regarding copies of our curriculum documents, please contact Mrs. Robin Picarazzi at 616 254-5604.

Parent Teacher Conferences

We are pleased to report for Fall of 2023, that 388 of 434 or 89% of Stoney Creek students were represented at Conferences. For Spring of 2024, 375 of 434 or 86% of Stoney Creek students were represented at Conferences.
